It has so much to offer from shops, restaurants, cafes and a variety of places to stay, to the beach, scenic views, coastal walks and trips out on the water.

**The LRPBC will be offering breakfast and snacks from the Clubhouse kitchen on Saturday & Sunday.**

### Other events in Lyme - important information, please read

We would like to let competitors know, the Lyme Regis Sailing Club is hosting a sailing race on the same day. We MUST give way to them in the harbour. After the support race, boats will be held back from entering the harbour until their trailer is ready on the slipway. Boat 81 will be managing this from the harbourmouth. Skiers can be dropped off on the pontoon. We thank you for your patience in advance.

Because there will be a sailing race and water ski race running on Sunday, for Health & Safety there is restricted access on the slipway and only competitors will be allowed access during launching. This is for your safety and that of others.
